COMPLETES WORKMembers Will Convene  
June 30 to Consider Ac-  
tion of Governor on Bills

## COMPROMISE DIFFERENCE

Deadlock Over Appropriation  
Bills Threatens Adjournment  
for a Time

## SESSION ENDS QUIETLY

SPRINGFIELD, Ill., June 19.—  
The forty-ninth general assembly of  
Illinois completed its work and  
adjourned at 6 o'clock this evening.  
Members of both houses will recon-  
vene on June 30th to consider the  
action of the governor on bills and  
to adjourn sine die.Deadlock Threatens Adjournment.  
For a time this afternoon it ap-  
peared as though the deadlock be-  
tween the house and senate over  
appropriation bills and other mat-  
ters would keep the legislature in  
session until next week but the  
members finally compromised all  
differences, exchanged farewells  
and adjourned. As a result of the  
work of the session 216 bills have  
been or will be submitted to Gov-  
ernor Dunne for signature which  
will make them laws. A total of 1-  
548 bills were introduced, 994 in  
the house and 554 in the senate.Bitterly fought contests between  
the house and senate over amend-  
ments to bills were features of the  
closing hours. All plans had been  
made for adjournment last night,  
but inability to agree to the Normal  
school appropriation caused a delay  
and threatened to hold the session  
over to next week.The last fight was in the nature  
of a contest between Speaker Shan-  
ahan of the house and Lieut. Gov-  
ernor Barratt O'Hara.O'Hara Insists on Clause.  
O'Hara insisted that the bill mak-  
ing an appropriation for the offi-  
cers and members of the next gen-  
eral assembly contain a clause pro-  
viding that the lieutenant govern-  
or be paid his expenses while act-  
ing as governor during the govern-  
or's vacation. For a while Speaker  
Shanahan refused to let the house  
agree to such a provision.Then Lieutenant Governor O'Hara  
adjourned the senate until ten  
o'clock next Monday morning. Hur-  
ried conferences were held and  
Speaker Shanahan finally allowed  
the expense clause to stand in the  
bill. The senate was recalled, the  
minutes corrected to show that it  
had taken a recess instead of having  
adjourned and the disputed bill was  
agreed to and adjournment taken.The senate passed the joint resolu-  
tion providing for sine die ad-  
journment on June 30th at 5:45 p.  
m.The house had quit work in the  
meantime. When it received the  
resolution at six o'clock it was  
adopted and the house adjourned.  
The senate completed its work  
and adjourned at 6:15 p. m.Agree on Appropriation.  
Just before the differences de-  
veloped over the officers appropri-  
ation bill, agreement was reached on  
the normal school appropriation bill.  
The senate had been holding out for  
the addition of an amendment ap-  
propriating \$600,000 for new build-  
ings at practically all of the five nor-  
mal schools in the state. However,  
the compromise agreed upon provid-  
ed for an addition of only \$350,000.Under the agreement the Macomb  
normal school will receive \$85,000;  
the Carbondale school \$165,000;  
the school at Normal \$95,000; to DeKalb  
school \$10,000 and the Charleston  
school \$15,000.Both houses spent the day in pass-  
ing bills between the actions upon  
conference committee reports. Every  
bill on the senate and house calen-  
dars with the exception of two in the  
house, were acted upon, something  
which has never been done in the  
memory of the oldest legislator. The  
end of the session was one of the  
quietest in the history of Illinois leg-  
islative sessions. Practically nobody  
was in the visitors' gallery when the  
session was brought to a close. Many  
of the members of both houses had  
gone to their homes and were not  
present. Only a bare quorum was  
present in the senate and but a few  
over a majority in the house.Completely Worn Out by Grind.  
Those who were present were com-  
pletely worn out by the grind of  
last week.Among the bills that died in the  
closing hours of the forty-ninth gen-  
eral assembly was the one requiring  
twenty-four consecutive hours of  
rest in every seven days for em-  
ployees. An amendment in the mea-  
sure in the senate Thursday night  
caused its defeat. When the bill was  
passed last night it was referred  
back to the house but that body to-  
day refused to concur in the senate  
amendment.The bill increasing the salaries of  
circuit court judges throughout the  
state went down in defeat at today's  
session. The measure was passed  
yesterday after a determined fight inPOSITION OF ALLIED

GALLIOLI PENINSULATurkish Troops, Are in Excellent

Condition and Are in ExcellentKritzhia, Dardanelles, June 17.—  
via London, June 19.—The allied  
troops who landed at Seddul Bahr,  
on the Gallipoli peninsula, hold  
about ten square miles of the ex-  
treme southern part of the penin-  
sula. The occupancy is coupled  
with the greatest difficulties.The ground held by the allies con-  
sists principally of a small plateau  
to the north of Seddul Bahr and two  
adjoining ridges to the northwest  
between which the Turks are push-  
ing advance trenches.Turks in Excellent Condition.  
The Associated Press correspond-  
ent who spent two days in the trenches  
found the Turkish troops in ex-  
cellent condition and spirits in spite  
of the fact that the allies are using  
every conceivable means to carry on  
the operations, including bombs  
thrown from catapults and from  
aeroplanes.From the Turkish station of ar-  
tillery fire control, the effect of the  
Turkish fire upon the allied trench-  
es could be observed today and the  
shells were reaching the mark.Number of Wounded Small.  
The sanitary and supply services  
of the Turks are being carried on ef-  
ficiently. The number of wounded  
at the hospital bases at the front  
were small, although the fighting  
during the night had been fairly  
severe.During the day time both sides are  
usually inactive, the Turks preferring  
night bayonet attacks. Many Tur-  
kish batteries are in position, but the  
nearness of the opposing trenches  
makes their work difficult and for  
the most part they are directing their  
attention to the reserves of allies and  
to changing shifts which are exposed  
at certain points. The Turks in  
this have the support of their heavy  
batteries on the Asiatic side which  
since the retirement of the allied  
fleet work without fear of being  
bombed, chiefly the allied  
right wing, composed of French,  
British and colonial troops.Commander Makes No Comment.  
Weber Pasha, the German gen-  
eral commanding the south group,  
gave the correspondent every oppor-  
tunity to visit the Seddul Bahr  
district. The result was a thorough  
inspection of the ground. Weber  
Pasha made no comment on the sit-  
uation himself beyond saying that  
the failure of the allies to consum-  
mate their plan of forcing the Dar-  
danelles is too obvious for discus-  
sion.Weber Pasha, who is a member of  
the German military mission which  
undertook the improvement of the  
Ottoman army organization, is fully  
convinced that the Turks will be able  
to meet the Gallipoli situation and  
that the allies will never advance  
against the Dardanelles forts.It has been ascertained that only  
a few German officers are active in  
the south group. German privates  
are employed in special lines.Kritzhia, once a thriving village of  
about 4,000 inhabitants, is probab-  
ly the most ruined city in all Euro-  
pe. The allies left no house stand-  
ing during their bombardment.PROBE ALLEGED RECRUITING  
IN CALIFORNIA FOR THE ALLIESSome Investigators Find no Trouble  
in Enlisting It Is Stated.San Francisco, June 19.—Agents  
of the department of justice are in-  
vestigating alleged recruiting in Cal-  
ifornia for the allies in the European  
war, it was learned today. The main  
office of the supposed recruiting  
agency is said to be in San Francisco.  
On good authority it was stated that  
some of the investigators had found  
no trouble in enlisting.

## Intercept Squad of Recruits.

Chicago, June 19.—Federal offi-  
cials today intercepted a squad of  
twenty-six for the British army  
bound from San Francisco for New  
York. They were headed by Lieut-  
enant Kenneth Croft who said he  
was on his way to England to re-  
join his regiment.After being taken to the federal  
building and questioned the men con-  
tinued east. Federal agents armed  
with warrants charging violation of  
neutrality laws by enlistment in the  
army of a belligerent nation met the  
men on their arrival. The men all  
denied they had enlisted and the  
warrants were not served. All were  
Englishmen.

## INVITES PROTESTS

Declares No One Can Have  
Deeper Interest In Preser-  
vation of Peace Than Laborer

## T. R. ANXIOUS FOR CONFLICT

NEW YORK, June 19.—William  
Jennings Bryan, addressing a labor  
peace meeting at Carnegie Hall here  
tonight, attacked Former Presidents  
Roosevelt and Taft as leading spon-  
sors of organizations which stood  
for the use of force in international  
affairs, and which, the former sec-  
retary of state declared, were inim-  
ical to the true interests of this  
country and to the cause of inter-  
national peace. Mr. Bryan began his  
address by declaring that no advo-  
cate of peace could have a deeper  
interest in its preservation than the  
laboring man who, without any pecu-  
niary interest in war, recognized  
that it was hurtful to him, enforce-  
ing idleness, increasing taxes and in  
calling upon him among the first to  
take up arms and leaving the after-  
math to be borne in great measure  
by him or his family. Therefore Mr.  
Bryan argued, it was natural that  
a peace movement should begin with  
the laboring man.Invites Laborers to Protest.  
Mr. Bryan continued:  
"Those who work in the cause of  
peace will find it necessary to con-  
bat the forces of militarism as well  
as to do educational work in behalf  
of the principle upon which the  
hope of permanent peace rests and  
I deem this an opportune time and  
place to invite you to enter a pro-  
test against two organizations which  
already are asking the support of  
the public."One of these organizations has  
for its object a large increase in the  
army and navy. \* \* \* \* \*"Ex-president Roosevelt is the  
most potential factor in this group.  
\* \* \* \* \*Discredits Pacifists.  
"He discredits not only the in-  
telligence but even the motives of  
those whom he contemptuously de-  
scribes as pacifists and advocates  
of 'peace' at any price. He more  
than intimates that they are phys-  
ical cowards and that their attitude  
on international questions is due to  
fear of bodily injury."It is not necessary to answer  
Mr. Roosevelt upon the low plain  
upon which he pitches the contro-  
versy. It is entirely possible to cred-  
it him with the purest motives and  
the sincerest patriotism and yet re-  
solutely oppose the methods which  
he would employ in the safeguard-  
ing of the country."Mr. Roosevelt might be excluded  
from the list of the nation's advi-  
sers on all matters relating to peace  
or war on the ground that he is so  
anxious to get into any contest that  
involves blood letting that he can-  
not be trusted to deal with any  
phase of the subject. The prepara-  
tiveness which he advocates will pro-  
voke war instead of preventing it  
and the hatreds which it would  
arouse would destroy our nation's  
moral influence.Mr. Bryan declared that Mr.  
Roosevelt's plan of making this na-  
tion "a rival of the powers of the  
old world in military and navy pre-  
paration" would involve indefinite  
increase in expenditure for ships and  
men "to be continued so long as  
other nations continue to increase."Would Make U. S. Vast Army.  
Mr. Roosevelt's plan he said would  
make the United States "a vast ar-  
my with skull and cross bones  
above the door and the designing ar-  
chitect of the system will go in and  
out in uniform with the proud con-  
sciousness that our nation no longer  
contains mollycoddles or weak-  
lings."Mr. Bryan, declared however, that  
there was no danger of Mr. Roose-  
velt's securing a numerous follow-  
ing "when his real purpose becomes  
known" and he urged the laboring  
men of the country to see that its  
purpose was clearly understood and  
give to the president assurances of  
support to "counteract any influ-  
ence that the jingoes may seek to  
exert."Of the other organization with  
Former President Taft its "most  
conspicuous sponsor", Mr. Bryan  
declared, that although Mr. Taft him-  
self had been prominently iden-  
tified with the cause of peace and  
men associated with him in the or-  
ganization were "at least not antag-  
onistic to peace the idea that many  
persons may have had a regarding"  
Mr. Taft's organization as the best  
weapon with which to fight the  
Roosevelt organization" was am-  
bush taken one.

## War News Summarized

With the fall of Grodek, the  
Austro-Germans are within 17  
miles of Lemberg, capital of Gal-  
icia. They have captured Kom-  
arno, 20 miles southwest of Lem-  
berg, also, and have crossed the  
Tanew river.This movement to the eastward  
from Przemyśl has been a rapid  
one for large armies and although  
the Russians have been given  
credit for opposing the advance  
with strong rear-guards, the great  
masses of their forces have with-  
drawn, without much fighting,  
back to what is probably consid-  
ered their strongest defensive  
lines, a short distance east of  
Grodek, where they hold strong-  
ly fortified positions on the  
heights of the chain of lakes and  
along the marshes partly encir-  
cling that territory.In France the allied forces re-  
port gains at various points. The  
French have at last completely  
surrounded and carried by as-  
sault the Fond De Buval, a nar-  
row ravine east of the Lorette  
Hills. This position has been  
defended with desperation by the  
Germans since May 9th. When it  
was finally taken by the French  
only a few of the defenders re-  
mained.The maze of trenches known  
as the "labyrinth" has also been  
the scene of heavy fighting, for  
some of the passages have been  
taken and retaken several times.  
The French have captured several  
additional German trenches  
around Souchez; and in Alsace  
have made a considerable ad-  
vance, occupying among other  
places the town of Metzeral,  
which the Germans set on fire  
before their evacuation.From the Gallipoli peninsula  
comes the information that the  
British and French allies are in  
possession of only about ten  
square miles of the southern end  
of the peninsula. The Turks are  
well fortified and are not only of-  
fering a stubborn resistance to  
any further advance but are car-  
rying out determined night at-  
tacks with the bayonet.The Italian ministry of marine

Insists on the Retention of

## CARRANZA FEARS UPRISING?

WASHINGTON, June 19.—Gen-  
eral Venustiano Carranza, original  
leader of the Mexican constitu-  
tional movement is face to face with  
a situation that may eliminate him as  
a factor in Mexican politics unless  
he yields to the dictation of his  
commanding general, Alvaro Obre-  
gon, and other high officers in his  
army.Four Ministers Resign.  
Official advices today revealed  
that four of Carranza's cabinet min-  
isters had resigned and that Gen-  
eral Obregon was insisting on their  
retention as well as the dismissal  
of the member to whom they were  
opposed. Word also came to the  
American government that General  
Jose Maytorena, the Villa command-  
er in Sonora, objected vigorously  
to the possible landing of American  
marines to rescue Americans in the  
Yaqui Valley, indicating that he  
would regard such action as a hos-  
tile invasion. Inasmuch as Mayto-  
rena promised to send troops to the  
region to protect foreigners, the Am-  
erican government, which had de-  
cided to land marines only if ab-  
solutely necessary, it is understood  
will consider the incident closed  
with the arrival of the Maytorena  
troops.Results from Newspaper Attack.  
The situation in the Yaqui Val-  
ley was overshadowed however, by  
the cabinet crisis at Vera Cruz  
where a new angle to the entire  
Mexican problem was created over-  
night. The discussion in the Car-  
ranza cabinet, according to official  
reports, resulted from a newspaper  
attack by one of the cabinet mem-  
bers on some of his colleagues, but  
in many quarters here it was be-  
lieved the trouble is of long standing  
and is the culmination of differ-  
ences between Carranza and Obre-  
gon, which began when the latter oc-  
cupied Mexico City several weeks  
ago.

## Taft Plan Aids T. R.

When the plan of the Taft or-  
ganization is understood", contin-  
ued Mr. Bryan, "it will be seen that  
its effect is to aid rather than ob-  
struct the Roosevelt propaganda. If  
the purpose of Mr. Roosevelt's or-  
ganization is to make preparation  
for war pleasant, Mr. Taft's or-  
ganization may be regarded as fur-  
nishing a plausible pretext for the  
provision which Mr. Roosevelt ad-  
vocates."The plan, continued Mr. Bryan,  
"is to organize an international po-  
lice force which will compel peace  
and compel it by the use of force.  
That means that we shall make our-  
selves partners with other na-  
tions in the waging of war. Before  
we can promise to enter into part-  
nership with other nations in fu-  
ture wars we must repudiate the  
advice of Washington, who warned  
us against 'entangling alliances'.  
The American will be very slow to  
enter into any arrangement which  
will involve us in the quarrels of  
Europe."

## Will Not Favor Change.

The plan would also involve a  
surrender of the Monroe doctrine.  
We could hardly enter a settlement  
of disputes and at the same time  
refuse to allow European nations to  
take part in the settlement of dis-  
putes in the western hemisphere.  
The American people will not look  
with favor upon so revolutionary a  
change in our national policy."The speaker declared that the  
plan proposed by the league would  
vest the president to declare war in  
a group of nations in which the  
United States naturally would not  
exercise controlling influence and  
he felt assured, he said, such a  
plan would favor of adoption.Mr. Bryan said the league's plan  
"would impair our influence and  
jeopardize our moral prestige."  
He concluded: "Listen not to  
those who measure 'world power'  
in units of force. We have been a  
world power for more than a cen-  
tury and we cannot afford to ex-  
change the moral influence which  
we now have for the military glory  
of all the empires that have risen  
and fallen since time began. I ap-  
peal to you, therefore, to remain  
true to the ideals of the fathers. It  
remains for the common people of  
today to make known to the presi-  
dent their firm adherence to the  
principles which have made us the  
foremost nation in the advocacy of  
peace."

## Wilson Awaits Developments.

President Wilson is patiently wait-  
ing for the situation in Mexico to  
develop itself more clearly before an-  
nouncing his next move.  
The president expects to wait a  
few weeks more for the factions to  
try to get together but in the event  
of failure the open active support  
of the United States will be given to  
an entirely new set of Mexicans—a  
coalition, it is expected, of the Villa-  
Zapata faction which has demon-  
strated its willingness to make peace  
and other elements identified with the  
other factions or parties.ABANDON HOPE OF FINDING

Sayville)—Included in the stories  
given out today by the Overseas  
News Agency is the following:  
"The German admiralty has pub-  
lished a confirmation of the long  
standing rumors that the submarine  
U-29 was destroyed by a British  
tank steamer which, flying the  
Swedish flag at the time, rammed  
the submarine after it had been  
ordered to stop.Commenting on this, German  
newspapers say it is proof of the  
British abuse of neutral flags and  
that the illegal course followed by  
ships of commerce compel the com-  
manders of German submarines to  
consider their own safety first and  
sink such ships without warning."

## State Warship Sunk Diver.

London, June 19.—The official  
statement was made public by the  
British government today that the  
German submarine U-29, command-  
ed by Captain Otto Weddigen,  
which was destroyed two months  
ago "was sunk by one of His Maj-  
esty's ships."This belated announcement ap-  
parently was issued at this time to  
dispose of the report current in Ger-  
many that the U-29 was rammed by  
a British tank steamer flying the  
Swedish flag.

## May Affect Negotiations.

Berlin, June 19.—via London.  
June 19.—A statement given out by  
the German admiralty to the effect  
that the German submarine U-29  
had been rammed and sunk by a  
British tank steamer after the vessel  
had been ordered to stop, is expect-  
ed to have an important bearing on  
the German-American negotiations.  
German naval officers and public at  
large ask how it is possible for  
German submarines to treat mer-  
chantmen in the way requested by  
the United States or to take steps  
to ascertain the nationality of ships  
displaying neutral flags in the war  
zone so long as British capitals ad-  
here to the rules laid down by the  
admiralty. Captain Weddigen, the  
commander of the U-29 was a popu-  
lar hero in Germany, ranking in  
popular esteem with the army lead-  
er, Field Marshal Von Hindenburg.  
The loss of the German undersea  
boat under the circumstances, prom-  
inent Germans say, undoubtedly will  
stiffen the nation in the belief that  
it is impossible to introduce any  
changes in submarine methods so  
long as Great Britain does not at  
least withdraw its instructions re-  
garding neutral flags and attacks  
on submarines.CARRANZA'S SECRETARY TO

tion threatened the population of  
that city. He departed tonight for  
Nuevo Laredo.Reports which had been received  
by Mr. Espinosa Mireles did not  
agree with accounts of conditions  
received by American red cross of-  
ficials. The Carranza reports said  
the situation was not so serious as  
pictured by the American press.Brigadier General C. A. Devol,

GAIN STRETCH OF TRENCHES

LONDON, June 19.—The strong-  
ly fortified Galician town of Gro-  
dek, where it was predicted the  
Russians would make such a stand  
born stand, has fallen before the  
Austro-German assault, according to  
tonight's Austrian official statement.  
The river Tanew, believed to be an-  
other strong barrier, has been cross-  
ed; Komarno, only a few miles  
south of Grodek has been taken and  
the Austro-German forces are with-  
in less than a day's march of Lem-  
berg, capital of Galicia. These  
claims were forecast in the German  
official statement from Berlin,  
which preceded that from Vienna.  
The Berlin statement asserted that  
the Grodek positions were being at-  
tacked, the Russians to the north  
retreating as far as the Tanew line.  
The Austrians subsequently record-  
ed the fall of Grodek and claimed  
that the south bank of the Tanew  
had been cleared of Russians.Issues Resume of Situation.  
Earlier in the day a resume of  
the Galician situation from Petro-  
grad said that the then existing dis-  
position of the Russian forces in the  
vicinity of Lemberg meant a  
crisis and that the holding or los-  
ing of line should determine the  
fate of the Galician capital.The French are keeping up their  
offensive in the Arras sector and the  
British again have attacked the  
German positions around Hooze  
gaining a considerable stretch of  
trenches which according to the  
latest advices, they are holding. Of  
this gain the German official state-  
ment makes no mention.States Warship Rams U-29.  
The British admiralty has an-  
nounced officially that the German  
submarine U-29 which was sunk the  
latter part of March, fell a victim  
to a British warship, the name of  
which is not disclosed. The pre-  
sumable reason for this tardy an-  
nouncement became apparent only  
when a flood of Berlin editorials, in  
which it was stated that the U-29  
was sunk by a merchant ship, re-  
ached London. This being accepted  
in Germany as a fact, it was argued  
editorially that Germany could not  
relax one whit her warfare against  
merchantmen which might ram and  
destroy submarines seeking to  
search them before firing a torpedo.  
At the time the U-29 was sunk it  
was rumored in England that she  
was rammed and cut in two by a  
battleship or dreadnaught.MANY MEXICAN REFUGEES STATE

Transport Buford.Galveston, Tex., June 19.—Three  
hundred and ninety refugees from  
Mexico landed in the United States  
today from the United States army  
transport Buford after five days in  
quarantine off Galveston. Few of  
them would answer questions con-  
cerning Mexican conditions, but sev-  
eral described the situation there as  
deplorable and many said that Am-  
erican intervention was the "only  
solution of the problem."Interviews given in the United  
States are called for constitutional  
army officers and frequently the  
Mexican property of the person in-  
terviewed is damaged or his relatives  
and friends there subjected to in-  
digencies, said one man explaining  
why he would not allow his name to

## Consistent Road Work Pays.

Morgan county roads are in such condition despite frequent and recent rains that there were a great many visitors in the city Saturday. The passable condition of the highways is one of the strongest evidences of the advantage of dragging and other continuous road work. So much more dragging has been done in the last two or three years than previously the case, that now when a heavy rain comes it seems to have the effect of beating the roads down and leaving a hard surface instead of a deep muddy condition. A few hours after some of the recent heavy rains it has been possible to use automobiles and other vehicles upon country roads where dragging, accompanied by a certain amount of grading work, has been continuously done.

## Immigrants Will Come.

The propaganda that the war in Europe will bring later on a vast tide of immigration to the United States is already being verified. An Illinoisan at Ellis Island recently saw at least 500 young men arriving from Europe and they made no secret of the fact that they came at this time to escape war service. Naturally it is a difficult thing to get away from the countries now engaged in war, as many restrictions are placed upon emigration, but even with these restrictions a great many are managing to slip away to the "land of promise." If peace comes, the number now being received from foreign shores will be multiplied by the thousand, and the indications are that there will be great opportunity for industrial development in those sections of the United States where a keen appreciation of the condition is had.

## Picking the Best.

Down in Washington the belief grows that President Wilson will not go outside of his present official family in appointing a successor to fill the vacancy caused by Mr. Bryan's resignation. Several officials outside the cabinet who are close to the administration have been mentioned, but the popular opinion is that Mr. Lansing, who is officially termed now as "secretary ad interim" will be appointed to the position himself within the next fifteen days. President Wilson is not likely to follow the suggestion that he appoint Mr. Root, Mr. Meyer or some other Republican schooled in state craft, who might be mentioned and thus follow out the suggestion he transmitted to Mexico that there should be "a getting together of the best and strongest men for the direction of Mexican affairs."

## Unspeaking Mexico.

No better evidence of the unspeakable conditions prevailing in Mexico could be given than that furnished by a letter recently received by a St. Louis postoffice official from a friend in Mexico City. According to this letter foreign shoes are now selling in the Mexican capital for \$45 a pair, while flour costs \$72 a sack and a pound of lard brings \$1.50. Salt, coffee, meats, and eggs are priced just as exorbitantly and while the people are being fed by the government, nevertheless thousands upon thousands are virtually being starved to death. Evidences are continually coming from Mexico indicating that the United States policy has been wrong in handling of the Mexican situation and indicating further that the recent announcement from Washington hinting at intervention unless conditions materially change came none too soon.

A Jacksonville man who recently returned from a trip which took him through Texas, and other border states says that the people there are almost unanimous in their disapproval of the Wilson policy in handling the Mexican situation. Down there they say that the government has no policy at all with reference to Mexico and has wobbled around in such a way that Mexicans are beginning to feel contempt for the United States and the Texans believe that later on this feeling will add to the difficulties of the task if Uncle Sam is finally compelled to take a hand in the settlement of Mexican affairs.

## The Cost of Living Still Rising.

The Democratic party now confesses that it was wrong when it said that it could and would reduce the cost of living. It has shown by its own figures that its campaign cry was a false one. The cost of living has increased since the Democrats came into power, and not decreased. The Department of Labor has just issued a statement of the cost of food for the past seven years. This investigation included fifteen different articles of food, and this represents approximately two-thirds of the expenditures for food by the average workingman's family. On all

of these combined there has been an advance of five per cent in price since 1912, the year in which the Democrats made their argument and their claim. Meats have gone up ten per cent in price since the time of the presidential election, yet the Democrats sought to lower the price by putting meats on the free list. The duty of five cents per dozen on eggs was removed yet the price of eggs has increased over three per cent since this was done, and the same thing has happened in the case of milk. That is the way the story goes. It shows that a protective tariff does not make high prices; that they are a result of world-wide conditions and that the tariff is but an infinitesimal factor in the retail price of the article sold over the counter in the United States. This doctrine the Republican party has preached for years.

## Encourage the Militia.

As recently announced an active campaign is soon to be entered upon by the officers of Company B, of the Illinois National Guard, to secure recruits and to complete the full quota of the company. The local campaign is in line with that followed by other companies and regiments of the Illinois National Guard, and certainly the time is opportune for this enlistment work. In Chicago the association of commerce has taken an interest in the matter and is urging upon employers to encourage service in the National Guard. In the past there has been a tendency among employers to discourage service on the ground that drills and camp work sometimes interfered with the regular work of their employees. There has been a tendency, too, among the people at large to minimize the importance of National Guard membership.

Events in the old world and across the border in Mexico have been such during the past year or two as to lay emphasis upon the value of at least a certain amount of military preparedness. The obligation rests with the people of this state to support the state militia and it should be borne in mind that it takes months of training to fit a young man for military service. No matter what anyone may think of war preparations or of peace propaganda, the state militia has its place and that place is of growing importance and the present movement to increase the number and the efficiency of the troops should have support and co-operation of patriotic citizens.

## Humanitarian Spirit to Finally Rule.

The peace plan proposed by W. J. Bryan in his last of three letters to the public on "A Causeless War" seems to be nothing other than mediation. At first reading, at any rate, Mr. Bryan's plan seems to be inane and colorless in view of conditions as they are, for mediation has been proposed a number of times during recent months to the warring nations and has been productive of no satisfactory results. To read Mr. Bryan's proposal it sounds simple enough and one wonders why somebody or some nation has not hastened to do this very simple thing before; yet in view of the facts as they are today and the other facts of recent history, the suggestions by Mr. Bryan seem to be little more than futile.

The St. Louis Globe suggests that Mr. Bryan's plan is so simple and easy that all that is needed in addition is for Mayor Thompson of Chicago to lock the rulers and leaders of the warring nations in the Peace Palace until they agree to get together.

Yet while the Bryan plan does seem futile and weak under present conditions, there can be no doubt that in the end when peace does come, that sentiment and appeal to humanity will have been a large factor in bringing peace to pass. If, for example, Germany later on determines to recede from the stand of peace terms already made public, or a like determination is made by the allies, such change of stand is likely to result more from an appreciation of the terrific suffering that the war is bringing to all the nations, than it is to a realization of weakness or foresight that a further continuation of the conflict is certain to result in failure.

## Assembly Completes Work.

The session of the 49th Illinois general assembly which began January 6th, came to a close at 6 p. m. Saturday, when adjournment was taken to June 3rd in accordance with legal requirements. While the assembly under the leadership of Speaker Shanahan, has worked harder than many of its predecessors, few very important bills have been passed. In this class however may be enumerated Gov. Dunne's waterway bill providing for the building of an eight foot channel, connecting the Chicago drainage canal with the head of navigation in the Illinois river and thus creating a direct water route between the great lakes and the gulf of Mexico. Gov. Dunne and other enthusiasts for the measure believe that its passage marks the beginning of Mississippi waterway development. There is a possibility that an injunction may be secured through the instrumentality of Congressman Rainey and other enemies of the bill, to prevent it becoming operative.

Another important action taken by the assembly was the passage of the tax amendment resolution which provided for the submission to the people of a constitutional amendment providing for the classification of property for taxation instead of the present uniform system of taxation. Appropriations made amount to about \$5,000,000 more than those by the 48th assembly and a vast amount of criticism has arisen because of the bill raising the salary of legislative members from \$2000 to \$3,500 and also because of the passage of the so called mileage

grab bill for \$26,000 refunding railroad fare to members.

While Chicago failed in securing a change in the state utility law, which would give that city local control of utilities, the legislature did enact a number of laws of special importance to that city. One of these laws permits the consolidation of all park boards and another makes it possible for the park boards to make an agreement whereby the possibilities of certain submerged lands may be preserved for outer harbor facilities. Another law which is to the credit of the legislature is an amendment to the mothers' pension act which has been so broadened as to include mothers who have been deserted by their husbands for more than a period of two years.

The passage of the Kate Adams vice bill is intended as a reform measure and should bring good results. Under its authority immoral women can be given jail sentences, the purpose of the imprisonment being to allow opportunity for medical treatment.

No doubt as some one has already said the legislature deserves more credit for bills not passed than for those upon which favorable action was taken. Listed in this number was one bill which would have repealed the woman's suffrage law and several which would have been decidedly moving backward in local option matters. Undoubtedly though a number of desirable measures were lost along with others. Taken as a whole the legislative record compares very well with the past. Seven weeks was lost at the beginning of the session in the struggle over the speakership and if some means could be devised for bridging over this waste of time at each recurring session, new standards in the amount of business transacted could be set.

## Too Early For Criticism.

An anonymous writer has roundly condemned the present city administration charging them with general inefficiency, with placing private interests above those of the city, lowering the salaries of employees, paying out money on money borrowed to pay bills—and with keeping on the payroll most of the employees who served under the former administration. The last charge seems to have been made as a climax and indicates that in the writer's mind this fact rankles greatly.

The unprejudiced observer will reserve criticism of the present administration for months to come. The present mayor and commissioners have been in office only a few weeks and thus far have done nothing radical. They have stated that they were familiarizing themselves with city affairs and conditions and had nothing to say about the future other than that they hoped to practice economy and to get the city into better financial shape. There is no special reason for praising or criticizing the officials yet, as they have only just begun to serve their four year terms. But it is fair to say that the council is made up of men who have been esteemed for their citizenship and business ability and there are reasons to expect from them satisfactory conduct of city affairs.

## WAS ASLEEP IN COAL BOX.

Saturday night Chief Hunt received a call to the residence of George McSherry 1316 East Lafayette avenue. Mr. McSherry missed his little son aged three years and thought he had fallen in the cistern. He asked for the engine but owing to the heavy roads Chief Hunt took the hook and ladder wagon. When the department arrived at the residence Chief Hunt went on an inspection tour of his own and discovered the missing boy asleep in the coal box.

## SALES! SALES! SALES!

This season of the year ought to be a joyful time for every woman in all Jacksonville and country, far and near; while the innocent public are being lured into stores by glowing signs of all descriptions, where you expect to get something for nearly nothing. After the sign man, the newspaper man and other heavy expenses are paid, the so called bargains on paper have vanished. We admit we are in the SALE BUSINESS at this time for the purpose of cutting prices on our high grade goods to unload. We are at your mercy when you come in our store. We mark all our goods in plain figures that you can readily see your saving in price by looking at our price ticket.

This week we ask you to read the large sign over our door. It says this \$20,000 stock must be reduced and the people are coming our way despite this rainy weather to help do it.

## Rent Houses Wanted

There has never been a time when desirable rent houses, \$7.50 to \$25, were scarcer at Johnston Agency than they are today. Our facilities for securing the right renter for the right house are good. Being the only agency in the city making a specialty of this business, a constant stream of applicants pours through our office. We know what is due to tenants in the way of repairs, and our tenants stay. On the other hand, we collect all rents in advance, and we do not, upon the average, lose a full month's rent upon one house a year.

Landlords—We think you will find it profitable, and save yourselves a great amount of trouble, if you will let us attend to your rentals. We have made a science of it. And we respectfully solicit your business.

## Trust Company Service

- That the highest degree of efficiency in the administration of estates is attained by trust companies is becoming well recognized.
- Wealthy and far-seeing men commit the management of their estates to trust companies because their wisdom and experience prove this course to be safest and best.
- Why should not the family of the man of moderate means enjoy the advantage and protection afforded by trust company service? Prompt, efficient administration that will conserve the small estate and protect its beneficiaries is far more important to the family of moderate means than to the one of wealth.
- This company gives the small estate the same careful attention as the large one. Its fees are controlled by law, cannot be greater than those allowed individuals, and in most cases, considering the service rendered, are less.

## IN INTEREST OF FOURTH OF JULY

COMMITTEE VISITS VARIOUS  
TOWNS SATURDAY.

Automobile Parade at 9:30 is to be a Feature of the Day's Program—Management Expects Unusual Large Crowd in City—Many Stores Will Keep Open.

A committee consisting of Carl Weber, Jesse R. Hastings and Charles Starks went to Woodson, Midway, Murrayville, Manchester, Roadhouse, White Hall, Winchester, Riggston, Merritt and Lynnville yesterday in Mr. Hastings' car, distributing and posting bills of the 4th of July celebration to be held in Jacksonville. They found a cordial welcome wherever they went.

This is the first of series of three trips which the committee will take to let the various towns know of the day's program. Most of the stores are planning to keep open on that day which will be a great accommodation to many people who wish to do some trading on coming to the city.

The auto parade will form at 9:30 at the junction of West State street and church streets. Jeffries band, which will give a concert half an hour before the parade will lead the line of march. \$5 will be given to the oldest car in the parade; \$5 to the one who came the farthest in a car; \$5 to the one holding the lucky drawing, \$3 to the second and \$2 to the third. Numbers will be drawn as the cars make the trip returning from the four churches round the north side of the square to the Pacific hotel thence to Morgan street and back on West State street. The numbers will then be put in a hat and drawn in Central park. C. N. Priest is chairman of this committee with Carl Weber as assistant. J. W. Merrigan is head of the advertising committee.

### NOTICE.

The public is hereby warned against the discharge of fire crackers and fire arms before July 4th. The ordinance governing the matter will be strictly enforced.

Miss Ella Eugenia Woodman entertained about thirty of her young friends at her home on West State street Saturday afternoon in honor of her eleventh birthday. The hours were from 2 to 5 o'clock and the time was pleasantly spent in the playing of games. Refreshments were served on the lawn during the afternoon.

### HOLE'S RAILWAY COMMISSION IS WITHOUT AUTHORITY IN CASE

LINCOLN, Neb., June 19.—The Nebraska supreme court in a decision handed down this evening declared that in the absence of specific legislative action the state railway commission is without authority to either advance or lower passenger rates on Nebraska railroads. The case was that of the Missouri Pacific, which alleged the two-cent passenger rate was non-compensatory and asked the railway commission to authorize an advance. The commission declined to act and the railroad brought a mandamus suit to compel it to take up the petition.

### RESIDENTS OF KANSAS CITY ARE PREPARING FOR FLOODS

Hundreds Carry Goods to Second Story in Big Wholesale and Packing House District.

Kansas City, Mo., June 19.—Residents of the lower sections of Kansas City tonight were preparing to meet flood conditions, which, according to the government weather bureau may prevail within forty eight hours. In the big wholesale and packing house district hundreds were carrying goods to second floors and every precaution was being taken to prevent flood losses.

With the Kansas river rising at the rate of 4 of a foot per hour it was feared it might overflow the dikes and flood the lowlands.

**North Topeka Residents Moving.**  
Topeka, Kans., June 19.—With the Kansas river rising at the rate of 2 to 3 inches an hour, residents of North Topeka were moving out tonight. North Topeka is the section which was flooded in 1903 and 1908. Since then dikes have been erected which are expected to take care of the river up to the thirty foot stage. Early tonight the stage was 23.3 feet. The weather bureau has predicted a stage of at least 26 feet tomorrow.

### MIDSHIPMAN ROGERS TESTIFIES BEFORE THE COURT OF INQUIRY

ANNAPOLIS, Md., June 19.—A. C. Rogers, one of the defendant midshipmen, testified today before the court of inquiry investigating alleged cheating during recent examinations at the United States naval academy. Rogers was the first defendant to appear before the court.

Rogers told the investigators he made three copies of what he believed to be information given out by instructors to guide students in preparation for the examination and that he found on reaching the classroom that what he had translated was practically the examination itself. He said the information was brought him by Midshipman Price, now an ensign.

### MAVERICKS

This thing of making weekly rhymes about the sad and waving pines, to some of you may seem a cinch but try to do it in a pinch. Now in the glad and joyous spring when little birdlets sweetly sing, it's soft to make the rhymlets swing for spring will rhyme with anything. But in the good old summer time when the weather's seething hot and bugs are sliding down your neck in what seems carload lots and you can hear the foreman swear and wildly pull his tousled hair. It's then as we remarked before, that making rhyme is just a bore.

Some man has started a skunk farm near Rossville and an exchange says the venture is exciting interest. We should think it would if one got very close to it.

### Food for Thought

The makeup man placed a Castoria advertisement at the bottom of the maverick column last week. It may be that he thought the readers needed a dose after reading the column.

## WATERWAY BILL BIGGEST PIECE OF LEGISLATION ENACTED BY ASSEMBLY

### TAX AMENDMENT RESOLUTION IS NEXT IN IMPORTANCE

Old-Time Politicians Term Session One of the Hardest Working in the History of the State—Appropriations Total Between \$43,000,000 and \$44,000,000—List of Bills Passed.

Springfield, Ill., June 19.—Passage of the waterway bill, submission of the so-called tax reform constitutional amendment, the defeat of all wet or dry legislation, practically all labor legislation, the Chicago home rule bill, the horse racing, betting and boxing bills and the enactment of numerous bills increasing salaries, were the principal features of the 49th general assembly, which has just been brought to a close.

#### Ushered in With Deadlock.

The session began on January 6 and was ushered in with a seven weeks' deadlock over the selection of a speaker, the longest such deadlock in the history of the state. Work of the senate was held up an equally long time, pending the settlement of contests and the seating of members from two contested Cook county districts.

Old-time politicians say that this was one of the hardest working sessions in the history of the state. More bills were considered than ever before. More than 1,500 bills were introduced in both houses, 994 in the house and 554 in the senate.

The biggest piece of legislation enacted by this legislature was Gov. Dunne's waterway bill, providing for the building of an eight-foot channel, at a cost of \$5,000,000, connecting the Chicago drainage canal with the head of navigation in the Illinois river and thereby creating a direct water route between the great lakes and the gulf of Mexico.

Next in importance, as classed by the members, was the adoption of the tax amendment resolution, providing for the submission to the people of a constitutional amendment providing for the classification of property for taxation instead of the present uniform system of taxation.

**Makes Large Appropriation.** Appropriations made by the assembly at this session total between \$43,000,000 and \$44,000,000, or nearly \$5,000,000 more than last session. Of this amount, \$1,000,000 a year will go to the public schools, an increase of \$1,000,000 a year.

Politicians claim that the session just ended probably will be remembered for what it did not do as much as for what it did. No wet or dry legislation was passed. A bill repealing the woman's suffrage act passed by the last general assembly was introduced, but was never acted upon, dying in committee.

In the sport line, a bill legalizing boxing and another legalizing the pari-mutual system of betting on horse racing were introduced, but both failed of passage. The boxing bill providing for the creation of a state athletic commission and the holding of ten-round, no decision bouts, under the supervision of the commission, 5 per cent of the net receipts of all such exhibitions to go to the state.

The boxing bill was passed by the senate, but failed of passage on roll call in the house. The horse racing bill never got to a roll call.

Practically the only labor legislation enacted were bills requiring the carrying of medical and first aid kits on all trains, and a bill making minor agreed amendments to the workmen's compensation act. The amendments broaden the scope of the act.

#### Kills Fifty Car Limit Bill.

The fifty car limit bill for which organized labor made its hardest fight, was killed in the house. The bill providing a nine-hour working day for women also died in the house. The bill amending the child labor act went to defeat in both houses and a bill prohibiting the issuance of labor injunctions, except in cases where the safeguarding of life and property is necessary, died in the house, never getting to roll call.

The railroads bill increasing the passenger fare rate from 2 to 2½ cents a mile was introduced, but never got out of committee.

Chicago members lost their biggest fight of the session when the legislature refused to pass a bill giving Chicago home rule in the handling of its public utilities. Mayor Thompson and Chicago aldermen made numerous trips to the state capital in the interest of the measure, which succeeded in passing the senate, but which never got out of committee in the house. The home rule bill was defeated on roll call in the house.

Bills enabling the merger of the surface and elevated railroads in Chicago also were passed by the senate, but failed to get to a roll call in the house.

**Death Penalty Abolition Fails.** Numerous bills providing for the abolition of capital punishment were introduced, but all of them failed. Only one got to a roll call. Governor Dunne urged the passage of such a measure in a special message to the legislature and in speeches before both houses.

One of the principal bills to be defeated was the administration's fire insurance bill, providing for the creation of a commission for the fixing of fire insurance rates to be charged in this state. Gov. Dunne also urged

the passage of this bill in a message, but the measure never got to a roll call.

One of the principal features of the session was the passage of numerous bills increasing salaries. A bill was passed increasing the salaries of members of the legislature from \$2,000 a term to \$3,500. The circuit and superior court judges in Cook county and the Cook county state's attorney's salaries were increased from \$10,000 to \$12,000 a year. The salaries of downstate circuit court judges were increased from \$3,000 to \$7,000 a year.

Salaries of private secretaries of judges of supreme court were advanced from \$2,000 to \$3,000 a year. Judges and clerks of election in Chicago were given an increase to \$7 a day for election and primary days.

The legislature also passed a bill appropriating approximately \$26,000 for the reimbursement of members for railroad fares spent in traveling between their homes and legislative sessions.

All except two of the dozen or more bills drafted by the efficiency and economy commission failed of passage. The bills completely revised the executive departments of the state government and were designed to save the state thousands of dollars annually.

A bill appropriating \$125,000 for the purchase of land for additional state buildings in Springfield was passed. Through the passage of this bill and the purchase of the land, Springfield people hope that all talk of transferring the state capital to some other city will be abandoned. A resolution providing for the creation of a commission to purchase land for a "little state house" in Chicago met death in committee.

**Chicago Measures.** S. B. 25 (Clackin), enabling the city of Chicago to invest municipal funds in its own city bonds.

S. B. 326 (Hull), giving Chicago the right to construct a bathing beach on two acres of ground owned by the state near the Chicago Beach hotel.

S. B. 327 (Hull), permitting the Chicago park boards to make an agreement with the city relative to submerged lands, so as to reserve the possibilities for the construction of an outer harbor, such action being necessary under a ruling of the secretary of war.

S. B. 195 (Denver), increasing from 2 to 3 per cent the portion of gross earnings of the Chicago house of correction to be applied to the employees' pension fund.

H. B. 952 (F. J. Ryan), raising the pay of judges and clerks in Chicago from \$5 to \$7 a day.

H. B. 162 (Frankhauser), consolidating the local taxing bodies in Chicago. The park consolidation bill.

H. B. 84 (Mulcahy), provides for boards of examination of three members to license masons in Chicago.

H. B. 958 (Smejkal), increases the salary of the state's attorney of Cook county from \$10,000 to \$12,000 a year.

H. B. 957 (Smejkal), increases the salaries of the circuit and superior judges in Cook county from \$10,000 to \$12,000 a year.

H. B. 925 (Burns), permitting commissioners of Lincoln park, Chicago, to convey certain lands to the city for the armory.

H. B. 126 (Burns), permits the extension of street car lines in Chicago on a ten days' notice by the city council.

S. B. 338 (Bailey), making an appropriation for the erection of a monument in Lincoln park, Chicago, to the memory of former Gov. Richard J. Oglesby.

S. B. 185 (Austin), making the Cook county treasurer, the county clerk and the president of the Cook county board a commission to deposit county funds.

S. B. 184 (Austin), fixing the salary of the Cook county treasurer at \$9,960 a year.

H. B. 937 (Dahlberg), limiting the expenses to be incurred by the civil service commissioners in Chicago.

H. B. 163 (Gardner), increasing the number of probation officers in Cook county and changing the wife abandonment act.

S. B. 126 (Denver), compelling the erection of bridges over the Chicago drainage canal at Crawford, Cicero and Seventy-second avenues in Chicago.

S. B. 380 (Ettelson), re-enacting the wheel tax act in a form correcting the defects pointed out by the supreme court in a recent decision declaring the former act unconstitutional.

#### Appropriation Bills.

S. B. 153 (Camaday), deficiency appropriation of \$35,000 for the state public utilities commission.

S. B. 248 (Pervier), appropriating \$5,000 for salaries of officers of the State Farmers' Institute and \$75 a year to each county institute in the state.

H. B. 340 (Igoe), emergency appropriation of \$20,000 to meet a

## DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Illinois, Wednesday, June 23, 1915. One day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

#### IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands moist? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or loins? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT. Come early as visitors are always crowded.

A friendly call may save you future suffering. It has made life sane to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., 766 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suffer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

**PILES**—Every case guaranteed cured without detention from business or use of knife.

#### Private Diseases a Specialty!

**NERVOUS DEBILITY**—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreams restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength.

## CHICAGO MAKES CLEAN SWEEP OF THE SERIES

CELEBRATES "EDDIE COLLINS" DAY BY WINNING.

Wycoff Pitches Eight Innings, the Prize Hit Being a Triple by Fournier with the Bases Filled in the Seventh.

Philadelphia, June 19.—Chicago celebrated "Eddie Collins' Day" today by winning from Philadelphia 8 to 2, making a clean sweep of the series of three contests. Wycoff pitched eight innings, the prize hit being a triple by Fournier with the bases filled in to seventh inning. Rohn made a home run and two singles in four times at bat. Eddie Collins was given a shotgun by the Philadelphia club on his first appearance at bat.

St. Louis, 5; Boston, 5. Boston, June 19.—St. Louis and Boston were tied at five runs each after nine innings today, when Umpire O'Loughlin called the game to allow the former team to catch a train.

In the ninth, after Lowdermilk had given way to James, Speaker sent two runs home with a single and Rodgers scored the tying tally on a passed ball. In an attempted squeeze play Speaker was caught at the plate, retiring the side.

The Eagles will have for opponents this afternoon the Pelin Rain-bows. The Rainbows have visited us the last two seasons and always bring a good ball team. They are all clean boys and play ball all the time. The Eagles are going good now and it will take a real team to beat them. The lineup for the game is as follows: Pekin: White, cf; Clay, ss; Grant, 3b; Callahan, c; Dwyer, lf; Hancock, 1b; Albrecht, rf; Ehni, 2b; Schroeder, p.

Jacksonville: Denny, 2b; Wheeler, ss; De Freitas, 3b; Clark, c; Christopher, lf; Woodman, cf; McCollister, 1b; Stewart, rf; White, p.

**HANNIBAL REGETTA.**  
Hannibal, Mo., June 19.—Kitty Hawk IV, carrying 300 horse power and rated as one of the greatest boats in the south, has just been entered in the championship events of the Mississippi Valley Power Boat Association Regatta scheduled here July 5, 6 and 7th. She is owned by Dr. A. B. Hottum of Memphis, Tenn.

The entry of Dodge IV, Quincy, Ill., has been received. Dodge carries a high powered engine and is believed to be one of the fastest racing boats on the Mississippi river between St. Paul and St. Louis.

Dr. A. C. Strong of Burlington has entered P. D. Q. V. his newest 16-foot Hacker hydroplane, built along the lines of the former champion, Oregon Kid. She is powered with a light weight, V-type aero motor and is expected to be heard from in the class events.

The last two named boats will be among those entered in the Admiral's Trophy, a new event staged for the first time this year, in which clubs boats within the association will compete.

**BALDWIN WILL BOX IN ST. LOUIS AND DES MOINES**  
At Baldwin of this city has been in training for some time preparing for a boxing contest at Des Moines, Iowa. Baldwin Saturday received an offer to box before one of the St. Louis clubs. He will go to St. Louis Monday and will box there Tuesday night and go from there to Des Moines. At the latter city he appears before Tommy Ryan's athletic club. It is probable that his opponent at Des Moines will be a boxer named Clipper from Chicago.

**SPORT NOTES.**  
Hughie Jennings says he needs only one good pitcher to aid Dauss to land the pennant.

The progress of golf in America rivals that of baseball. It is getting to be the game of the elders, supplanting the more strenuous national pastime.

Chicago amateur boxers will measure swats with Cleveland amateurs next Thursday night.

With indications that the warm weather has turned up Mathewson, Jawn McGraw is happy again.

The next big boxing day is on July 5, when some good matches will be pulled off.

Miss Edna Pilson of Concord was a caller on city friends yesterday.

St. Louis, 6; Boston, 1. St. Louis, June 19.—St. Louis took the third straight game from the world's champions today, defeating Boston 6 to 1. Sallee allowed but two hits. A batting rally in the eighth inning won the game for the locals, five runs being made on three doubles, three singles and two sacrifice hits.

## "MORNING GLANCES" (By Gosh)

Minneapolis beat Kansas City 8 to 5 in 14 innings yesterday.

Three hits was the total Brooklyn made off of Vaughn of the Cubs Saturday. The Cubs won by a score of 5 to 0.

The Cubs got to Smith for ten hits, one a triple by Saier. They also played faultlessly in the field. Saier and Williams got six of Chicago's ten hits between them.

Walter Johnson put the kibosh on Detroit yesterday letting them down with two hits. He also made three hits which included a triple and a double, and made two runs.

This race is anybody's yet and any one of the first six teams have a chance to win the flag. In fact, there is a chance for even Baltimore and Buffalo but the chance is remote.

Eddie Collins did not need that shotgun that his Philadelphia admirers presented him with yesterday. He had a cannon the day before and had already shot the entire White Elephant machine to pieces.

Ty Cobb again demonstrated his title to the greatest base runner of modern times, if not of all time, when he stole three bases in the Washington game on Friday. The Tigers engineered a triple steal and two double steals and Cobb figured in all of them. He spiked Catcher Henry when he stole home compelling him to retire.

It looks like the Boston Red Sox are going to try hard to cop this year. With Joe Wood and some of the old favorites back in form the Red Sox look dangerous. Detroit is going good but it does not look like they have the pitchers to win a pennant. In this respect the Sox teams have all of the others beat.

The American league does not show much change as to the leaders. The White Sox are still in the lead and gained a little the past week. The Sox are playing great ball in the east and promise to come back home in first place. During the week Boston pulled up and

tied Detroit and today they are in second place. Washington, Cleveland, New York, Philadelphia and St. Louis follow in the order named.

The Cubs retained their lead in the National with Philadelphia still the place team. The Cubs are playing god ball and while they did not do well in the series with the Phillies they seem to have it on the other teams. St. Louis is in third place with the Pittsburgh a close fourth. The Champion Braves are below, Pittsburgh now and are not going very well. Brooklyn, New York and Cincinnati are in the order named. The National is a hard race to figure. While Chicago and Philadelphia are in the lead, the season is yet young and Boston may get to going and repeat. However, it does not look as though they will be able to do much unless Evers gets back in the game. The work of the Braves so far demonstrates that Evers is pretty near the whole team.

Kansas City has further increased her lead in the Federal. St. Louis has been climbing and is now in second place and only seven points behind Kansas City. Fielder Jones is a great leader and it looks as though he has forgotten how to make a team play winning ball. The Whales are third place with Pittsburgh fourth. The Stogies are finding the going harder as the other teams round into chape. However, they are a good team and will be in the race all the time. Brooklyn is fifth, with Newark, Baltimore and Buffalo in the order named.

**MEADVILLE'S CENTENNIAL.**  
Meadville, Pa., June 19.—The celebration of the 100th anniversary of the founding of Allegheny college in this city began today and will extend until next Thursday. Prominent alumni from all over the country are attending. The celebration will note the completion of President Crawford's 22nd successful year. Another feature of the centennial is the laying by Andrew Carnegie of the corner stone of the new Carnegie Hall of Chemistry, to replace the building recently burned. The famous ironmaster will be accompanied by Mrs. Carnegie. The opening event took place today in the form of a pageant, in which 400 students took part. During the coming week there will be held an important conference of educators on the subject of the American college.

**U. S. OPENS NEW CONSTRUCTION YARD.**  
Philadelphia, Pa., June 19.—The Philadelphia navy yard becomes a construction yard for the building of war vessels today, when an army of government mechanics will lay the keel of the first vessel to be built wholly at this yard. The ship to be built is the U. S. navy transport No. 1, whose cost will be about \$1,500,000, and which will require about eighteen months to build.

## DIVORCED WITHIN MONTH, WEDS AGAIN.

Bridgeport, Conn., June 19.—Mrs. Emily Trowbridge Gallatin, who obtained a divorce less than a month ago from Frederick Gallatin, Jr., the noted polo player and New York clubman, will be married today to John Garvan, son of a wealthy paper manufacturer of Hartford. The wedding will take place at the home of J. A. Trowbridge, Dr. Carlos Martin performing the ceremony. The groom was a chum of Alfred Vanderbilt at Yale and was one of the crack pitchers of the varsity nine. The Gallatin divorce created a sensation. The allegation was made that Gallatin had sold some property to buy jewelry for another woman. The interception of an incriminating letter by his wife led to the divorce action.

## RED CROSS NURSES MEET.

San Francisco, Cal., June 19.—A great army of Red Cross hospital and private nurses will gather here tomorrow for the convention of the National League of Nursing Education, the American Nurses' association, the California Nurses' association and the National Organization for Public Health Nurses. Members of the "white capped brigade" from Canada and other countries, have begun to arrive. The center of interest is in the Red Cross nurses, who have returned from the war zone, several of whom have arrived.

## PITTSBURGH SHRINERS LAY CORNERSTONE.

Pittsburgh, Pa., June 19.—With imposing ceremonies in the presence of a big gathering of Shriners of this city and western Pennsylvania, the cornerstone of the new Syria Temple, Ancient Order of Nobles of the Mystic Shrine, was laid here today. The new building will be completed within a year, at a cost of \$400,000. Its auditorium will seat 4,000 and it has a banquet hall accommodating 2,000.

## FOOTBALL STAR JOINS AMBULANCE SQUAD.

New York, June 19.—Henry H. Hobbs, the former Yale football star, will sail today to take charge of the first aid squad of the American ambulance corps in France. He was a member of the championship Yale eleven in 1909 and was selected as an All-American tackle that year. He has been organizing relief for Belgium during the spring.

## CHILD WELFARE SUNDAY IN NEW YORK.

Albany, N. Y., June 19.—Tomorrow has been designated by the state health department as "Child Welfare day," and clergymen throughout the state are planning co-operation in giving mothers advice and information to help the child over the hot days of the summer.

Mr. and Mrs. John Burmeister, J. J. Clark and R. R. Rudisill were down to the city yesterday from Arcadia.

## WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo. — "I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple in the face and would walk the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself." — Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

### W. L. ALEXANDER MAY ERECT FINE APARTMENT HOUSE

Plans for Handsome Structure on Site of Old Greenleaf Home—Seeks for Accurate Line of Demand for Modern Apartment Quarters.

The real estate records yesterday showed the transfer of the Greenleaf lot on West State street to Mrs. Clara Greenleaf Alexander. Sometime since a story was in circulation that W. L. Alexander contemplated the building of an apartment house in Jacksonville, and the transfer of this property to his wife gave further color to this rumor.

Asked about the matter Saturday afternoon Mr. Alexander said that he did have in contemplation the building of an apartment house on the property just acquired, but that his plans were not at all definite or certain at this time. He did say, however, that he was ready to erect such a building if he reached a definite opinion that there is enough demand to justify the large investment which such a structure would require. His idea if carried out will mean a building on three sides of a court fronting on State street, the building to be three stories high and to comprise two, three and four room apartments, each one with bath.

The building in prospect would be modern and up to date in every appointment, and the general plan of the structure would be such that each and every room would have outside light and ventilation. The lot has a frontage of 117 feet on State street and is more than 3,000 feet deep in addition to an ell which extends some distance back of adjoining property. This would give ample space for a commodious garage, for a tennis court, and provide generously for any outdoor requirements of the tenants of the building. The apartment building would be of such size that a manager would be constantly in charge and everything possible would be done for the convenience of patrons.

For sometime Mr. Alexander has been figuring on the proposition and he has now some idea of the cost. All that remains to make the realization of the building certain is for him to be finally convinced that there are enough people in Jacksonville to become patrons of such an apartment house and make it pay interest on the money invested. From what he knows of the prices now paid for rooms and suites in various houses, he believes that much more modernly equipped apartments could be provided at practically the same rates now charged for accommodations in private homes. Mr. Alexander while temporarily a resident of Iowa, never was recreant to his belief in this city, and it seems very likely that he is now to give a very substantial evidence of both his admiration for and faith in Jacksonville.

#### NOTABLE BIRTHDAYS TODAY.

June 20.  
Charles F. Murphy, the political boss of Tammany Hall fame, who has won and lost many battles at the polls, is 37 years old today. He is practically the last of the machine bosses who have dominated with iron hand in the various big cities of the country. He has had to fight not only the republicans, but the democrats as well. Inside his own party he has been rooted and fought for years for the day of Tammany and its iron rule has passed. But Murphy has held the big organization intact, although its glorious victories of the past seem impossible for the future. The defeat of the democrats in New York state last November was laid to Tammany, and Mayor Mitchell at that time gave the opinion that the only way to force the Tammany boss out of power is to "starve him out" by clipping off the patronage which he has commanded. Murphy was born in New York on June 20, 1858. He was educated in the public schools and early in life became a wire worker. Later he was a street car driver and mixed in politics. In 1892 he was made chairman of Tammany Hall and became the grand chief in 1902. Although out of joint with American ideas of politics, "the boss" has had a big influence, his power has often been felt, and he has taken some bitter defeats philosophically.

Mrs. Finley J. Shepard (Helen Gould), 47 years old today.

Marquis of Bute, one of the wealthiest of Scotch peers, 34 years old today.

Dr. John M. P. Finney, of Johns Hopkins university, organizing medical corps for Europe, 52 years old today.

Lord Hardinge of Penshurst, viceroy of India, 57 years old today.

Alexander Winton, famous American automobile manufacturer, 55 years old today.

Hon. Francis E. Warren, U. S. senator from Wyoming, 71 years old today.

Calvin W. Demarest, noted billiard expert, 22 years old today.

VIRGINIA ENQUIRER IS SOLD FOR DEBT

The Enquirer of Virginia, owned by Albert E. Hinners, mayor of the city, was yesterday sold by Referee in Bankruptcy Robinson to satisfy the creditors of Mr. Hinners. The paper was sold to Edwin Tuttle of Chicago for \$6,250. Hinners was recently declared bankrupt in the United States district court at Springfield.

THIRD WARD DEMOCRATIC CLUB

A meeting of the Third Ward Democratic club was held at Franklin school Saturday night. Owing to inclement weather there was not a large number present and adjournment was taken until next Friday night. The club has in mind incorporating under the laws of the state of Illinois. This matter was discussed but it was the sense of those present that the matter should be left to a majority vote of the members and this will come up at the meeting next Friday night.

Mr. and Mrs. Alexander Whitlock, who celebrated their golden wedding anniversary.

As was previously mentioned in the Journal, Mr. and Mrs. Alexander Whitlock celebrated their fiftieth wedding anniversary at their home in Franklin this week. Mrs. Whitlock's maiden name was Mary Catherine Bowyer, and they were married near Little York school, June 15, 1865, by Rev. Mr. Perry, a Methodist preacher who had been the bride's school teacher. They were the parents of ten children, of whom five are now living, as follows: William, of Concord; James O., of Tallahassee, Oklahoma; Jesse, of Heber Springs, Ark.; and George and Bertha of Franklin.

Fortified Tires Are Always Climbing Upward

## 104,000 Men

In the jungles and fields, in our factories, etc., 104,000 men are employed to meet the demand for Goodyear tires.

No other tire commands anywhere near such favor. And this spring has shown, in sales to dealers, an increase of 52 per cent.

three conspicuous improvements.

Some Goodyear supremacies can be seen at a glance. Compare size and thickness with the average tire. Compare number of fabric plies.

#### Prices Down

Goodyear has made in about two years three great price reductions, totaling 45 per cent. The last was on February 1st. Our matchless output enables a value which no other maker can duplicate.

Goodyears mean less trouble, less upkeep. That is proved by our exclusive features, our dominant place, and the swelling Goodyear tide. We urge you to join this army. Any dealer will supply you.

#### Extra Values

The reason is, we fortify our tires. We give the best that others give, plus five exclusive features. In costly ways, employed by no one else, we combat:

Rim-Cuts  
Blowouts  
Loose Treads  
Instability  
Punctures  
Skidding

**A DIGEST OF FREAKS.**

The Literary Digest published recently a list of the freak bills which legislators in various states had introduced at the recent sessions with the hope of having them enacted into laws. The list was taken from a Texas newspaper of standing and influence. In the list was the bill introduced into the Kansas legislature early in the session by some wild-eyed reformer who wanted to prohibit women from trying to appear younger than they really are. The bill placed a ban upon the use of face powder, or rouge, hair dye or bleach, piercing the ears or wearing ear rings. The publicity given the freak legislator's dream caused the Wichita Eagle to remark editorially to the effect that the time had come to squelch the freaks who were making a laughing stock of the state. This sentiment was re-echoed through the press of Kansas, and it is likely that in the future very few bills of that nature will ever see the light of day in Topeka.

The following is the list published in the Literary Digest:

To prohibit the catching of frogs—Minnesota.

To prohibit the use of face powder, rouge, hair dye or bleach, the piercing of the ears and the wearing of earrings.—Kansas.

To compel chickens to go to roost before 7 p. m. To provide that bulls driven along the road at night shall wear lights. Prohibiting hip-pockets in men's trousers.—Colorado.

Providing that all weeds and plants which cause fever shall be removed from the roadsides. Bachelors to pay an annual tax of \$5 per head. Prohibiting the wearing of whiskers by doctors and dentists.—Massachusetts.

Compelling the national guard to do 90 days' work each year on the roads and bridges of the state. Requiring dealers in stock foods to pay an annual license of \$25 a year. Prohibiting free lunches.—Nebraska.

Compelling church goers to leave their firearms outside.—Texas.

Prohibiting treating. Prohibiting the giving of tips to barbers, waiters, porters, hat snatchers, etc. Taxing bachelors of 30 years of age \$50 per annum.—Illinois.

To furnish lumberjacks with individual bathtubs.—Minnesota.

Establishing a uniform thickness of sleigh runners.—North Dakota.

Prohibiting a man from becoming a "ball dodger"—i. e., allowing persons to throw base balls at one's head for hire.—New York.

Limiting each resident of the state to one gallon of "corn hocker" a month.—South Carolina.

Prohibiting the smoking of cigars by school normal and university instructors.—Wisconsin.

Prohibiting the publication of liquor advertisements in the newspapers of the state and calling for the destruction of all such advertisements in papers printed out of the state before such papers are sold.—Alabama.

## WORLD'S MARKET NEWS

**ABSENCE OF FOREIGN DEMAND BRINGS PRICE OF WHEAT DOWN**

Assertions That it Was Only a Question of Time Until Europe Would Be Compelled to Buy Wheat Seem to Lose Force.

Chicago, June 19.—Disappointment regarding the absence of foreign demand finally became too much of a handicap against the bulls today in wheat. Quotations closed weak at the same as last night to 1/4c down. Corn showed a setback of 1/4c to 1/2c. Oats and rye 1/4c to 1/2c. In provisions the outcome varied from 2 1/2c decline to a rise of 7/8c.

Assertions that it was only a question of time until Europe would be compelled to buy wheat seemed to lose in force when the session neared the finish and there had been no sign whatever of any immediate revival of export call. At first, the hopes of a change in the attitude of foreigners appeared to have a solid basis owing to continued wet weather in the harvest sections of the winter crop belt. Besides Liverpool advices told of tightening of prices on offers from India and of a prospect of smaller world shipments. Later, the market was somewhat affected also by Minneapolis reports indicating backwardness of the crop in the spring wheat states. All advances in values here however failed to hold.

Bearish feeling in the wheat pit just before the close was made more pronounced by Baltimore dispatches that export sales for July-August shipment from there did not amount yet to one-tenth of the total at the corresponding time a year ago. It was added that newly harvested wheat would be reaching Baltimore in a few days. The first car of new wheat from Oklahoma City as shipped today to New Orleans.

Corn became heavy as a result of continued purchasing of Argentine cargoes for delivery at New York. Adverse field conditions throughout the domestic belt had only a temporary bullish influence.

Oats gave way in sympathy with wheat and corn. Scarcity of receipts, though, formed a check on the bears.

Strength in the hog market made provision prices average a little higher. There was no outside buying, however, of special importance.

### THE REO'S GOOD RECORD.

There are many cars on the market these days and claims by manufacturers and agents as to their efficiency and other good qualities of the cars they sell are just as numerous. The Steinberg-Skinner company of this city are sales agents for the Reo car, and that machine certainly has local reputation which measures up well with its general reputation as a car of quality. A member of the firm said yesterday that there are now seventy two Reo cars in service in Morgan county and vicinity, and that the record work occasioned by any defective part for the whole number of machines did not total more than \$50. This sounds like a "good story" but the records of the Steinberg-Skinner company fully carry out the truth of the statement. R. E. Olds, who is the principal in the company manufacturing the Reo car, is one of the most experienced men in the automobile business and the Reo's sold to represent his best ideas of construction and workmanship.

## Eczema? A Torture Quickly Banished

Remarkable Results Follow the Action of a Famous Remedy.

The action of S. S. S., the famous blood remedy, is a wave of health from the stomach to every other part of the body. Any skin disease, no matter what its name, be it eczema, psoriasis, acne, lupus, or just plain boils, pimples or a stubborn abrasion, must give way to the influence of S. S. S. Why so? Simply because there is in S. S. S. certain medicinal influences just as essential to blood health as are the elements of the grains, meats, fats and sugars of our daily food. Get a bottle today of any druggist and then write to the Medical Adviser, The Swift Specific Co., 111 Swift Bldg., Atlanta, Ga. He will tell you about skin afflictions, such as you never before realized. He will clear up the mystery of why certain diseases of the blood make straight for the skin. He will also clear up your doubts as to the nature, cause and proper care of your skin in any form of blood trouble. His advice is perfectly free. There is scarcely a community in the U. S. but where you will find someone to enthusiastically tell you how they are now cured not at one time were sufferers from rheumatism, or catarrh, or some severe form of skin or blood trouble. Get a bottle of S. S. S. today, but refuse any and all substitutes.

### FATHERS' DAY WON'T DOWN.

In spite of all the fun that's poked at it, Father's day won't down and curiously enough, it's the mothers who insist that father must be honored. The following is from that well known women's journal, the Delineator:

"June is the month not only of roses and weddings, but it is the month that celebrates a far less frequently sung fete. Father's day comes this month on June 22. The rose, any kind of color, is the emblem of Father's day, and all who wear one on June 22 will be known to be paying tribute to father, living or dead. Father himself was not the inventor of this celebration. It was a woman who devotedly admired her husband and father who made the suggestion. Happy and admiring daughters and wives all over the country have taken it up. There is a slow but sure gathering feeling among women that in spite of the heavy artillery used against it, the fight for suffrage, after all, father is a pretty fine old father, and that we will tell him so once a year, no matter how we ignore and maltreat him the remaining 364 days."

### RETURN FROM CONVENTION.

Mr. and Mrs. J. A. Munson have returned from Omaha where Mr. Munson went as delegate to the national T. P. A. convention and reported a fine time. Mr. Munson says the Illinois delegation carried off the honors of the convention amid great rivalry. Louis Camm and W. H. McCarty were also delegates and went from Omaha to Denver for a visit before returning home.

### THE MEDICAL CLUB.

The Medical club met Saturday night at the Public Library when officers were elected for the ensuing quarter. They are, president, Dr. G. R. Bradley; vice president, Dr. C. E. Black; secretary, Dr. E. L. Crouch. The session was given over to reports of cases and when adjournment was taken it was the third Saturday in September.

—Mr. Squeegie

The people who built the Pyramids did a job that has never been beaten.

From foundations to cap-stones they were constructed to endure.

There was no overweight anywhere and no part was too weak or too light to match the other parts.

Hence the lasting qualities of the Pyramids.

Diamond Tires are built, as the Pyramids were built, to last.

Every part is made to wear just as long as the other parts endure.

Consequently Diamond Squeegie Tread Tires made a record in 1914 that has never been matched.

Send for our book of letters from dealers who sold Diamond Tires in 1914.

It tells how more than 99 out of every 100 of the more than half a million Diamond Tires sold last year gave maximum service at minimum mileage cost.

It is yours for the asking.

Tests prove that in view work, where there are clouds and foliage, or work embracing great distance, the finer details are retained and a harmony of light and shade is secured. In portrait work the draperies and dresses are reproduced in their true color values. Auburn hair will be reproduced in a different tone from black, and blue eyes will not be represented as almost white. If it is a photograph of flowers, ANSCO FILM will reproduce the natural colors in different tones instead of in one monotonous tone. This is what gives ANSCO photographs such an exceptionally natural appearance.

## MR. CLARENCE McCARTY WEDS MISS MYRTLE M. SCHELL

Ceremony Took Place Last Evening at the Home of the Bride's Parents—Nuptials of Leo Wells and Rozanna Dare.

The marriage of Mr. Clarence McCarty and Miss Myrtle M. Schell took place last night at 8 o'clock at the home of the bride's parents, 1012 Mathers street, Rev. Myron L. Pontius, pastor of Central Christian church officiating. The ceremony was witnessed by relatives and immediate friends of the young people. Miss Adelaide McCarty, a sister of the groom and Mr. Fred Schell, a brother of the bride were the attendants.

Preceding the ceremony Miss Grace McCarty, a sister of the groom sang "I Love You Dear," with Miss Fern Haigh as pianist. The wedding march from "Mid Summer Night Dreams" was played by Miss Haigh while the bride and groom took their places beneath a beautiful canopy of pink and white, where the troth were pledged in a simple and impressive manner, the ring ceremony being used.

The bride is the daughter of Mr. and Mrs. Ernest Schell and is a young woman of charming personality and gifted in many ways. She graduated from the high school two years ago and since that time has been teaching school near Franklin. Mr. McCarty is the son of Mr. and Mrs. A. J. McCarty, and he received his education in the high school. He is a member of the Knights of Pythias lodge and is accounted a young man of strong character and industry. He is a carpenter employed at the Jacksonville state hospital. Both young people are members of the Central Christian church.

They were the recipients of many beautiful presents. They expect to make their home after July 1 at 512 South Church street.

Among those here to attend the wedding from out of the city were Mrs. Howard Durley of Aberdeen, Miss., who was formerly Miss Myrtle McCarty, Miss Temple Riggs of Decatur and Miss Ruth Brittenham of Champaign.

Mr. Leo G. Wells of this city and Miss Roxanna N. Dare of Mt. Vernon were married Saturday evening at 9 o'clock at the Centenary M. E. church parsonage, Rev. G. W. Flagg officiating.

The groom is the son of Mrs. Mary Wells of 511 East Chambers street and was formerly employed by the Jacksonville Plumbing company. He is now working on the new state building being erected at Alton where he and his bride will make their home for a while. The bride is a daughter of Oscar Dare of Mt. Vernon and is an attractive young woman.

Wells-Dare. The groom is the son of Mrs. Mary Wells of 511 East Chambers street and was formerly employed by the Jacksonville Plumbing company. He is now working on the new state building being erected at Alton where he and his bride will make their home for a while. The bride is a daughter of Oscar Dare of Mt. Vernon and is an attractive young woman.

Lorton-Taylor. William S. Lorton and Mrs. Ellen Taylor both of this city were married in Hannibal, Mo., last Monday. The ceremony was said by J. H. Totch, justice of the peace in Hannibal. The couple gave their addresses as Kansas City, Mo. They left Jacksonville last Monday without giving their friends any intimation of where they were going. They returned Monday evening and kept their secret for several days out it finally became known.

The groom is well known in Jacksonville where he has spent practically all his life. Mr. Lorton was for many years in the ice business in Jacksonville and built the first artificial ice plant erected here. The plant stood where the Jacksonville Transfer company's store rooms are now located. He also was a member of the legislature for one term. While in the legislature he had the bill passed providing for vestibules on street cars.

The bride is the widow of the late Edward Taylor and has resided here for a number of years. Recently she has been renting Mr. Lorton's residence and he has been boarding with her.

Last night the couple were given a charming party by several of their neighbors.

## THIRTY-ONE YEARS OF MARRIED LIFE

MR. AND MRS. NEWTON BRANER CELEBRATE OCCASION.

Many Relatives and Friends Participate in Festivities—Dinner is Followed by Program of Unusual Interest—List of Guests Present.

Mr. and Mrs. Newton Braner of Arcadia celebrated their 31st wedding anniversary Saturday evening at the family home, over one hundred relatives and friends participating in the festivities of the occasion. Mrs. Braner before her marriage was Miss Irena Gish and they were married in the Grace Chapel neighborhood. They are the parents of five children, Noah Braner, Odessa, Lee and Joy of Morgan county and Merle Braner of California. Mr. and Mrs. Braner for a number of years resided in Virginia. They are accounted among the highly respected citizens of Arcadia and many good wishes are extended to them upon their anniversary. They received a number of useful and appreciated presents.

At 7 o'clock a fine dinner was served which was greatly enjoyed. Those who assisted as waitresses were Mrs. Charles McDonald, Misses Odessa Braner, Ruth and Ella Deatherage and Cora Rudisill. Overseers in the kitchen were Mrs. Flora Thompson, Mrs. Ellis Thompson and Mrs. Jane Gish.

After the supper the following program was given:

Reading, "Aunt Patience Doughnuts"—Mrs. Ellis Thompson.

Reading, "Why Women Age Earlier Than Men"—Mrs. Charles McDonald.

Dialogue, "A Slight Misunderstanding"—Odessa Braner and Geo. Balesley.

Contest, "Family Tree". The prize went to Walter Houston.

For the best number on the program the prize was given to Miss Braner and Mr. Balesley. Anna Dinwiddie and Alma Bridgeman gave a number of songs and other music added to the attractiveness of the program. Mrs. Guy Dinwiddie was chairman of the program. It is needless to say that the entire occasion was one of especial pleasure.

Among the guests present were: Mr. and Mrs. Charles L. McDonald, Mr. and Mrs. Arch Bridgeman, Mr. and Mrs. Newton Gish and family of Jacksonville; Mrs. Leonard, Mrs. George Henderson, Mr. and Mrs. Noah Braner, Virginia; Mr. and Mrs. Harry Barber, Arcadia; Mr. and Mrs. Oscar Petefish, Litterberry; Thomas Lacey and family, Joy Prairie; Mr. and Mrs. Levi Deatherage and children, Ellen and Ruth; Mrs. Mary Rudisill and children, Cora and Clyde; Mr. and Mrs. Charles Clark and family; Mr. and Mrs. Jason Clark, Mr. and Mrs. A. #### HEARINGS HELD UNDER PROVISIONS WORKMAN'S COMPENSATION ACT

Representative of State Industrial Board Here—Accident in Prentice Elevator and on Mauvaisterre Drainage District, Basis of Inquiry.

Two hearings were held at the court house in Jacksonville Saturday in compliance with the terms of the workmen's compensation act. Under the provisions of this law, if in case of an accident the person injured and the firm or person by whom he is employed cannot reach an agreement, a board of three is constituted a committee of inquiry to take the evidence and make an award.

The law provides further than one member of the committee shall be a representative of the state industrial board, that one member shall be chosen by the person injured and the third by the employer. Mr. Leclerc of the Industrial board; Mr. Murray, representing the Farmers' Elevator of Prentice, and John M. Butler, representing Carl Weakley, who was injured sometime ago at the Prentice elevator, constituted the committee which heard the first case. Weakley was injured at the Prentice elevator by the fall of a heavy weight which struck him on the side of the head and inflicted an ugly wound. He was brought to Passavant hospital by Dr. Gailey of Ashland and was subsequently attended by Dr. J. W. Hairgrove and Dr. Edward Howe. In accordance with the provisions of the compensation act he was awarded \$69 for disability and \$100 for permanent and serious disfigurement.

The question at issue before the board was with reference to the allowance for first aid and subsequent medical attendance. The fee of Dr. Gailey who brought the injured man to the hospital was \$25, and the contention was that this service represents first aid to the injured man while the argument made by Mr. Weakley's attorney was that first aid was given by the surgeons who operated on him after he was brought to the hospital. The total allowance for first aid injuries and services under the law is \$200 and the bills of the surgeons, with hospital charges, etc., amount to about \$500, and in accordance with the ruling of the majority of the committee these charges would have to be prorated so that the total sum would not exceed \$200. Mr. Butler filed a dissenting opinion and it is probable that the case will get into the circuit court for trial.

A hearing was also begun on the case of Marion Wright who was employed on the Mauvaisterre Creek drainage district work. His action was against the Caldwell Engineering company and the Mauvaisterre Creek drainage district commissioners, and subsequently was dismissed as to the engineering company. The facts seem to be that after quitting work one night Wright was directed to take a boat up the drainage ditch some distance and it was stated that after tying the boat to the bank at a point near the road that he could ride with Mr. Callwell in a car to Jacksonville, and that after he had left the boat and was going toward the car he stepped on a plank which flew up and struck him, inflicting an injury. There were so many questions arising with reference to exactly who would be liable in such a case and for the further reason that all parties were not represented, that the hearing was continued.

**RETURN TO ELKHART.**
